What is Faith in Action?

This is a four level - Pin, Bronze, Silver and Gold - award scheme aimed at encouraging young people to develop upon their gifts & talents as disciples of the modern world.

The scheme runs yearly with four reflective sessions in which resources and activities are supplied. These focus on themes, role models and Gospel messages.

How does it work?

The scheme builds on what young people already experience asking them to reflect so that they may find new ways of living out and exploring faith.

What are the benefits?

Participants begin to see that their relationship with God has an outward and visible effect upon them and those around them. A growing awareness that others of all ages are trying to do the same, draws us together in community. Seeking to serve the community helps us discover more about ourselves, each other and God.

The scheme enables young people, otherwise not given the opportunity, to show how they are already contributing to the life of their school and parish communities and to receive recognition for their efforts. This promotes an understanding of their place in the community whilst building confidence.

Why should I?

To make a difference, learn new skills and become more confident. To show you care for your community and make new friends. To help explore what faith is and what it means to you. To show your beliefs in what you do and how you live. To actively celebrate being a good Christian and to enhance the list of your personal achievements!
